**Student Information:**

|  |                       |
|--|-----------------------|
| <b>Student Name:</b>   | <b>Date of Birth:</b> |
| <b>School Attending:</b>   | <b>Student Email:</b> |
| 2018-2019 Grade Level: <input type="checkbox"/> SOPHOMORE <input type="checkbox"/> JUNIOR                |                       |
| Current Grade Average in Science (attach latest report card):  |                       |
| Please list student extra curricular activities at school and in the community such as clubs and sports: |                       |
| <b>Principal:</b>  |                       |
| <b>Science Teacher:</b>  |                       |

**You must be able to attend any one of the following weeks: July 7-12 July 14-19 July 21-26**

**Please submit this application along with the following documentation to The Scholarship Fund for Inner-City Children by December 21, 2018. Include the following: a copy of student's most recent report card, a letter of recommendation from student's science teacher and a two page well-crafted type-written essay. The essay written by the student must include the following:**

1. Describe, using examples, how your course work in mathematics and science have sparked your creativity and imagination thus encouraging you to apply for participation in Space Camp 2019.
2. Describe, explicitly, how participating in the Space Camp 2019 will influence and better prepare you for further study in science and mathematics in college and for your eventual career.
